CASE STUDY 1

- **INDUSTRY:** FASHION
- **CATEGORY:** MEN FASHION - ECOMMERCE
- **MAIN GOAL:** SALES FROM WEBSITE

1. CHALLENGE

- **NO WEBSITE INITIALLY:** THE BRAND DIDN'T HAVE A WEBSITE, SO WE TOOK THE INITIATIVE TO CREATE ONE.
- **CLIENT HESITATION:** THE CLIENT WAS HESITANT ABOUT DEVELOPING A WEBSITE, BUT WE DECIDED TO PROCEED.
- **PREVIOUS COMMUNICATION:** BEFORE THE WEBSITE, COMMUNICATION WITH CUSTOMERS WAS LIMITED TO MESSAGING ONLY.
- **DATA COLLECTION ADVANTAGE:** LAUNCHING THE WEBSITE ENABLED US TO GATHER VALUABLE DATA FROM THE START, WHICH LAID THE FOUNDATION FOR BUILDING A NICHE AUDIENCE.
- **INITIAL CHALLENGES:** WE ENCOUNTERED DIFFICULTIES TARGETING A CLOTHING-FOCUSED AUDIENCE, ESPECIALLY WITHIN THE 35–45 AGE RANGE.
- **SOLUTION:** TO ADDRESS THIS, WE MADE SIGNIFICANT CHANGES TO THE WEBSITE TO MAKE IT MORE ACCESSIBLE AND USER-FRIENDLY FOR THIS DEMOGRAPHIC.

2. STRATEGY

- I planned to focus on trending and unique products that weren't available in the market.
- I worked with a limited number of designers because the client could not provide images or videos, depending on what was available. I used them effectively.
- We initially focused solely on Instagram due to its large follower base and Facebook's poor performance in terms of follower numbers.
- We targeted some of the more upscale in Cairo, Alexandria, and the North Coast, with prices ranging from 2,000 to 6,000 EGP.
- We conducted a thorough analysis of the market and competitors to ensure we could address the audience properly and uniquely with our product.

CASE STUDY 2

- **INDUSTRY:** HOME DECOR
- **CATEGORY:** DOOR MATS
- **MAIN GOAL:** SALES FROM WEBSITE

1. BACKGROUND & CHALLENGE:

- **I took over the account in July 2024 for a brand in a completely new niche: Door Mats.**
- **The product was unique and unfamiliar, with almost no direct competitors, making the brand a market pioneer.**
- **Pricing was premium (EGP 2,000 – 6,000), which increased the challenge.**
- **Target audience: High-end customers, leading to CPMs that could surpass EGP 150.**
- **Challenges included inconsistent order costs and in-stream ads generating fake orders, which forced us to shut them down.**

2. EXPANSION & GROWTH:

- After strong results in Egypt, we expanded to Saudi Arabia and the UAE and Kuwait and Qatar
- Results: The brand earned over 600,000+ AED, a modest but solid start.
- We reached EGP 20M in sales in Egypt
- Goal for 2026: EGP 20M in sales.

3. KEY ADVANTAGES

- **High-quality content: Executed flawlessly and a key driver of success.**
- **Client support: The client provided everything needed.**
- **Variety: Wide selection of products suitable for any space (indoor & outdoor).**
- **Customization**: Customers can design their own styles (at higher costs).**
- **Customer engagement: Diverse styles encouraged customers to collect pedals for different occasions.**
- **Premium quality**

4. STRATEGY

- Daily testing involves regularly experimenting with different audiences, interests, and creative assets.
- Platform focus: Emphasized platforms that consistently produced reliable results.
- ADV+ Audiences: Achieved strong results.
- Campaign structures should not rely on a single approach; flexible frameworks are crucial for strong accounts. The most effective method is: ABO Multi Ads Flexible.
